

Class Supply List

Pillow Finishing Techniques Karen Hammond Moore's of Mission Viejo

Supply List:

- *Your machine in good working order, along with your foot pedal and supply cord
- *Sewing foot, zipper foot for your machine.
- * For the Brother or Baby Lock machines, the DoubleCording Foot 4-6mm. A must if you want to add piping to your pillow
- The following supplies are based on a 16" pillow your size may be different.
- One 12" embroidery square for a 16" pillow or One 8" embroidery square for a 14" pillow. You do not have to do a square, a rectangle inset looks great too. Maybe you want to do 4 little squares to make one big square. So many options.
- *One 18" square piece of fabric for the front, back this piece with a good quality interfacing. I used the Pellon brand Shape-Flex or an interfacing that is close. FUSE BEFORE CLASS!!!!
- *One 18" x 22" fabric for the back, if your fabric is thin, apply interfacing to this piece too. If it is a denim weight fabric or a pant weight, this is optional.
- *One 16" zipper
- Sharp pencil or ultra-fine marking pen, ruler, sharp scissors, rotary cutter, pins, and any other supplies you use in your sewing room.

- 2 ½ yards cording to go around your pillow. I like to use the cotton clothes- line type. I get mine at Ace Hardware Store. It is very firm, the store has a softer version and is very nice to use. Do not get any larger than a 4-6mm cord.
- 2 ½ yards of 2 ½ “ wide fabric strips to make your piping. This can be done with straight grain or on the bias. Stripes look great on the bias. Do not fold in half. The piping is optional.

All supplies with an * are available for purchase at Moore's. Sew Fun Club Members receive 20% off regular price on accessories and notions purchased during class! For details, please contact any Moore's Sewing location!
