

Euphoria

Cover Stitch Machine

The Baby Lock Euphoria cover stitch machine is the perfect complement to your Baby Lock four-thread serger or sewing machine. It creates professional finishes for all your garments, is perfect for active knitwear and even home décor projects. Choose from a triple, wide or narrow cover stitch or chain stitch and easily finish your projects made from even the trickiest fabrics. The Euphoria includes ExtraordinAir® Threading, which threads the chain looper with just the touch of a button. With Automatic Thread Delivery™ you can thread the needles in any order and be ready to stitch with no tension adjustments. Using a cover stitch machine has never been this easy!

A Professional Edge
with Euphoria

baby lock

FOR THE LOVE OF SEWING

THE FOREMOST NAME IN HOME SERGING

The First

In 1967 the Baby Lock EF-205 gave home sewers the opportunity to finish garments like a professional manufacturer.

Support

With unsurpassed features, education, and support, there truly is no substitute for a Baby Lock serger.

Our Patents

Baby Lock has continued to revolutionize sergers. Today Baby Lock has numerous patents to its name.

Retailer Network

The Baby Lock Retailer Network is dedicated to sewing enthusiasts just like you — they'll always go the extra mile!

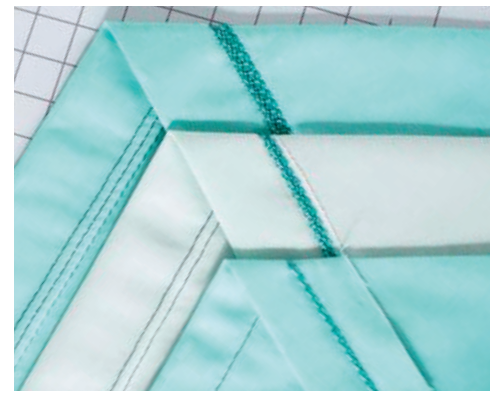

ExtraordinAir® Threading

With just a gust of air, ExtraordinAir instantly takes thread through the looper. Threading has never been this fast, easy or extraordinary!

Needle Threading System

Use the needle threader for quick and easy threading of each needle with just the touch of a lever.

Chain & Cover Stitches

Baby Lock has once again revolutionized your sewing! Finish your projects with chain, narrow cover, wide cover, and triple cover stitches for a professional finish everytime.

Pure Lighting with 3 LED Lights

Clearly see every stitch, fabric and thread color under three bright LED lights.

Large Throat Space

Easily stitch on large projects and use optional attachments with room to spare.

Knee Lift

Raise the presser foot by simply moving the attachable lever with your knee. This leaves both of your hands free for extra control.

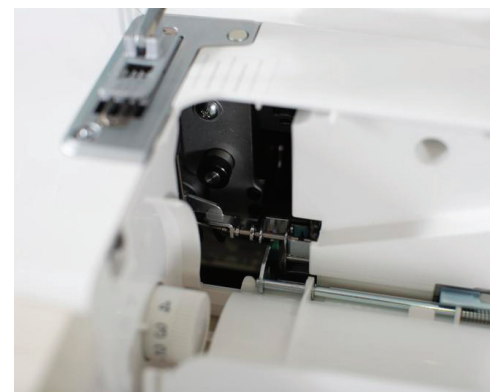

Adjustable Presser Foot Height up to 6mm

Euphoria features a higher presser foot height (6mm) to effortlessly handle thicker and loftier fabric. With the Drop Feed System the feed dogs lower automatically when you raise the presser foot which helps thick fabrics fit under the presser foot.

Automatic Thread Delivery™ (ATD) System

Set the Euphoria to the type of stitch you want and get started! The Euphoria delivers a balanced stitch on any fabric with any type of thread.

Tubular Looper

The tubular looper eliminates exposed thread guides and protects the thread. Looper Bypass Port Guide can be used to accommodate specialty or heavy weight decorative thread in the looper.

Chain/Cover/Looper Tension System

Increase or decrease the tension for the chain/cover stitch looper thread with one conveniently located dial.

Full Featured Single Unit Differential Feed

We've taken the differential feed to a new level by adding a single-unit feed dog mechanism. This ensures stronger feeding as well as consistent gathering on all fabrics.

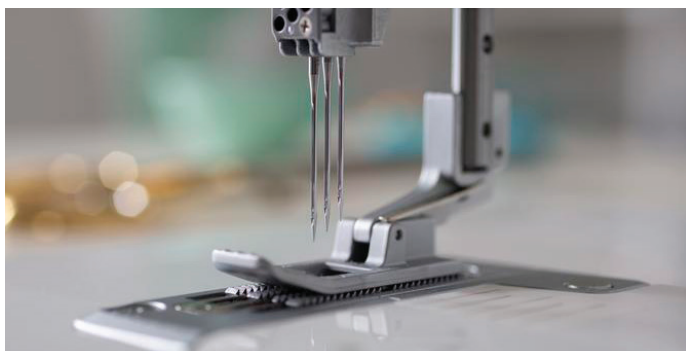

Looper Drive System

This exclusive Looper Drive System prevents the looper from becoming misaligned or out of time, reducing the possibility of major looper damage. This protects your machine from needing repairs, allowing you to stitch worry free!

Cover Stitch Chaining Off

Baby Lock has made cover stitching easy to start or stop by automatically chaining off the cover stitch.

Vertical Needle Penetration

While some machines use slanted needles that push and damage fabric, the Euphoria's needles are set vertically and sew directly up and down, protecting your fabric and preventing needle deflection.

Dial Adjustable Stitch Length

Stitch length can be easily adjusted on the Euphoria using one dial.

Safety

Machine will not begin stitching until front door and side doors are closed and the presser foot is lowered.

Features and Specifications

Technology Features

- ExtraordinAir® Threading
- Automatic Thread Delivery™ System
- Pure Lighting with three LED lights
- Wide workspace of 5" to right of needle and 3" tall
- Full-Featured Differential Feed
 - 2 to 1 Ratio – gathering
 - 3 to 4 Ratio – stretching
- Knee lift

Advanced Cover Stitch Features

- Chain, narrow cover, wide cover, and triple cover stitches
- Cover stitch width 3mm or 6mm
- Dial adjustable stitch length: 1- 4mm
- 1,500 stitches per minute

Convenience Features

- Enhanced telescopic antenna with thread guides
- Built-in thread cutter
- Electronic foot control
- Built-in accessory storage
- Snap on multi-purpose presser foot
- Needle clamp plate to secure needles
- Carry handle
- Presser Foot Lever on the right
- Needle drop tray with magnet
- Bypass port and guide for special thread

Other

- Household needle system:
 - ELx705CF
- Weight: 25.6 pounds
- Warranty: 25 years limited, 10 years parts, 5 years electrical, 1 year labor
